

Society of Minnesota Sculptors

Student Membership Information and Application

As a member, your support not only helps the Society provide a forum for sculptors to interact and exchange ideas, but also expands the public's appreciation and understanding of sculpture within the state. As an educational non-profit organization, the Society also sponsors educational programs and annual exhibitions for our membership.

Full time college/university art students may apply for a student membership of \$15/year.

Through this reduced membership fee the Society wants to continue our support for arts education and encourage students studying sculpture to become involved with the Society.

Of tremendous benefit to SMS members is our website — *mnsculptors.com*. Current paid members and student members can upload photos of their work, as well as biographical information so you can showcase your work and achievements for prospective customers and the media. The website also provides information about future exhibitions, sources for sculpture supplies, news, and exhibition/commission opportunities for sculptors.

Current members can access SMS shows and receive our newsletter as well as access some features of the SMS website. Only current members will be featured on the website and have the ability to upload current works.

When you join the Society, be sure to **include your E-mail** address so that we can send you your temporary password and instructions for loading your gallery and biographical information
